

# Little Learners

Christian Preschool and Childcare

**Thank you for your interest in Little Learners Christian Preschool and Childcare!**

We are excited to share our program information with you. As you read through the material, please let us know if you have any questions. We would certainly enjoy giving you a tour of the facility that God has blessed us with. Please call us at your convenience to arrange a time that we could schedule a tour with you and your family.

As an academic-based Christian Preschool, Little Learners' classes offer a unique variety of activities and experiences that are intended to encourage exploration and growth in these areas:

**Spiritual:** to create an environment whereby each child will learn about Jesus and His love for them.

**Social:** to provide opportunities for each child to learn responsibility for their own behavior and to have successful interactions with other children.

**Physical:** to develop large and fine motor skills through teacher-directed and self-directed activities.

**Cognitive:** to encourage learning through a hands-on, exploratory approach.

**Creative:** to provide access to a variety of resources and materials for each child to express their interest in creative arts and activities.

We strive to promote a positive attitude toward "school" and establish a knowledge base that will be beneficial for later years. Our staff consists of qualified, experienced individuals who have a passion to teach young children in a Christian setting.

We offer a variety of academic programs and schedules to meet the needs of our preschool families. We also offer an optional Extended Care program before and after class. Designed as a drop-in service, the Extended Care hours are 7:30-8:45 a.m. and 11:45 a.m.-5:30 p.m.

We look forward to visiting with you further about the possibility of your child joining us here at Little Learners! Please check out our website at [www.myLittleLearners.com](http://www.myLittleLearners.com) for even more information!

Thank you,

Sanine Beck, Director
